

Cryptocurrency Investing Fundamentals

The Strategy in 60 Seconds

Bitcoin can grow inside a Roth IRA and come out with zero tax at withdrawal. Here is exactly how that setup works, in sixty seconds.

50%+

Peak-to-trough drawdowns Bitcoin has lived through more than once

TAX-FREE CRYPTO SETUP

- o Open a self-directed IRA - Roth, traditional, SEP, or SIMPLE
- o Fund the account with cash - Contribution or a rollover
- o Trade inside the IRA - A custodian holds the assets

STAKING AND STABLECOINS

- Staking lends to a pool
- Unstaking can take 2 weeks
- USDC tracks the dollar
- Rates float daily
- Platform risk is real
- Not FDIC insured

YIELD IS NOT A SAVINGS ACCOUNT
